

# TOEFL® Junior™

The TOEFL® Junior™ test is intended for students ages 11 to 15 and provides real insight into students' English communication skills.

The TOEFL® Junior™ test is part of the TOEFL® Family of Assessments, which also includes the TOEFL iBT® test and the TOEFL® ITP Assessment Series. Based on the long-standing and trusted heritage of the TOEFL test, the TOEFL® Junior™ test uses the most up-to-date methods for language testing and is fair, reliable and valid for its intended purposes.

Plus, TOEFL Junior scores are mapped to CEFR levels, so as to gauge achievement against an international standard, and give a more in-depth understanding of students' English proficiency levels.

English programs around the world trust the TOEFL® Junior™ test to help them with placement decisions and monitoring progress of their students. Score users include:

- English-language programs
- International schools where the language of instruction is English
- Schools in non-English speaking countries that focus on teaching content through English

TOEFL® Junior™ scores have multiple uses in English-language classrooms, including:

- Placing students in English-language programs so they are matched with level-appropriate instruction
- Monitoring progress over time to gauge learning and proficiency
- Mapping student achievement to the Common European Framework of Reference (CEFR) for international benchmarking

# TOEFL® Junior™ Format and Content
